Thank you for your time today and for your assistance. Attached and below my signature are the zip codes and NAICS Codes for

which we would like to request the Gross Receipts data. As you can see, I have listed several categories for which we would like data up to the 3-digit level and then several sub-categories for which we would like data to the 6-digit level. I am fairly confident that we will not run into any issues with these 6-digit NAICS codes, but if we do, just let me know.

Again, we are looking for the total gross receipts from the most current year available and as far back as possible.

Please let me know when you expect to be able to deliver this data and please also feel free to call or email if you have any questions.

Ken, I requested DCBID yesterday to service your side of Lindley Pl yesterday but no one came.

The specific trouble spot is the back of the sign at the Metro station. This sign provides cover for people to urinate and defecate (see photo).

Perhaps Sara could see about having it moved or redesigned to discourage people doing this? In the mean time could your team address the immediate issue?

Please note I'm not just being picky, there are multiple buildings on Lindley that can only be accessed via the alley (mine included) and I don't drive... so I have no way around this.

Please please please. And thanks.

Dalia --

We're planning some major improvements to an iconic corridor in the great 13th District, and I encourage your participation in an upcoming meeting regarding this project.

I am partnering with the Bureau of Engineering and the Department of Transportation to host a community meeting to discuss the Hollywood Western Streetscape Project.

As a staff member under my predecessor, I led a community process that produced guidelines for a more vibrant, safer pedestrian experience. The project will make streetscape improvements such as the installation of new traffic signals, continental crosswalks and street trees on Hollywood Blvd, between Gower Street and Western Avenue, with a second phase focusing on Western Ave. between Franklin Avenue and Santa Monica Blvd. My office identified \$850,000 within the Hollywood Mobility Trust Fund to help subsidize the required local match for the \$2 million dollar project.

During the community meeting, [scheduled to take place on Wednesday](#), we will discuss the particulars on this project, as well as the "Safe Routes to Schools" streetscape project on Selma Avenue that will make for a safer, more pedestrian-friendly environment in the vicinity of Hollywood High School and Selma Avenue Elementary School.

The Hollywood Western Streetscape is just one of five exciting streetscape improvement projects --either recently completed or in the works-- including the Hollywood Transit Crossroads Streetscape, Sunset Boulevard in Echo Park, Sunset Junction in Silver Lake, and Fletcher Drive in Glassell Park. These pedestrian improvements reflect my priority of making the 13th District more walkable and safer for Angelenos.

I'm really excited about this work we're doing together. I look forward to seeing you at the meeting!

It was a pleasure meeting with you this morning below you will find the Planter fill and Plant Palette for Broadway.

Thanks!

**Planter Fill Specifications**

Light Weight Potting Soil

Sand

Sump with Filter drain sock and drain cap

Filter Fabric Roll

Fill Ratio: 0.48 yards of sand, 0.48 yards of soil

Weight when filled: 700 lbs

**Plant Materials**

Two palettes could be used.

Primary palette - hardy, drought-tolerant species - use Wandering Jew as centerpiece, with other species planted in groupings around the periphery of the pot:

*Purple Wandering Jew* (if used, planted in contained pot so as not to take over other plants)

*Dudleya pulverulenta*

*Dudleya brittonii*

*Echeveria runyonii*

*Echeveria elegans*

Secondary palette - Colorful, low-water species that would grow together in a "living tapestry" to fill out the planter - not to be planted alone, but together:

*Epilobium canum* var. *latifolium* 'Everett's Choice' - Everett's California Fuchsia

*Lessingia filaginifolia* 'Silver Carpet' - Silver Carpet Beach Aster

Good afternoon LEAPS members,

On October 6, 2015, at 9:00 A.M., I respectfully request your physical attendance for a LEAPS Training Symposium debriefing. The debriefing will be held at LAPD, Police Administration Building, Commercial Crimes Division, located at 100 W. First Street, 5th Floor, Los Angeles, California 90012. This meeting is essential in order to discuss the positive aspects of the symposium as well as any helpful improvements. It is also imperative that everyone attend to discuss our future efforts.

Please accept or decline this appointment so that I may have an accurate account of attendees. Should you have any questions or concerns, please contact Detective Joe Hopkins using the below listed information or my cell: (213) 359-0250.

Thanks

NOTIFICATION OF NEW ENTITLEMENT APPLICATIONS – EARLY NOTIFICATION REPORT

To: Business Improvement District (BID) Contacts

From: Iris Fagar-Awakuni, BID Liaison

Subject: LA City Planning BID Case report

Attached is the Planning Department's bi-weekly Early Notification Report for Business Improvement Districts (BID's). The purpose of this report is to provide BID's with the earliest possible information about all applications for planning entitlements that have been filed in your BID area, even though not all applications are complete and some cases may eventually be withdrawn. Included in the report is contact information about the applicant so your BID can obtain more information about the project very early in the process. A separate report is shown for each BID. You will see that the report is provided in PDF and Excel formats.

The information in the report is sorted by BID. If there are any questions, please contact Iris Fagar-Awakuni at (213) 978-1249 or [Iris.Fagar-Awakuni@lacity.org](mailto:Iris.Fagar-Awakuni@lacity.org).

I do have one question. I see that there are several categories where there are fewer than 5 locations in one zip code, but if we took the total number of locations in all 7 zip codes combined, it would be well over 5, which would allow you to provide the gross receipts.

In other words, rather than breaking it down for each zip code, could we just get data for all 7 zip codes combined, but still broken out by NAICS and by year?

Thank you for your time today and for your assistance. Attached and below my signature are the zip codes and NAICS Codes for which we would like to request the Gross Receipts data. As you can see, I have listed several categories for which we would like data up to the 3-digit level and then several sub-categories for which we would like data to the 6-digit level. I am fairly confident that we will not run into any issues with these 6-digit NAICS codes, but if we do, just let me know.

I do have one question. I see that there are several categories where there are fewer than 5 locations in one zip code, but if we took the total number of locations in all 7 zip codes combined, it would be well over 5, which would allow you to provide the gross receipts.

In other words, rather than breaking it down for each zip code, could we just get data for all 7 zip codes combined, but still broken out by NAICS and by year?

**Subject:** Events this Weekend

Good Morning,

This will be a relatively light weekend for street closures in Central Division. There is only one event with an actual planned closure:

**Saturday, Oct 10**

Double Ten (Taiwan Independence) Parade

There will be a closure on Broadway between Bernard and College between 9 AM and 1 PM.

The only other concern will be the streets surrounding Dodger Stadium for the Play-off games on:

(1) Friday Night at 6:30 PM

(2) Saturday Night at 6:00 PM.

Next weekend (Oct 17,18) will be significantly busier, including:

A Peace Rally scheduled for Broadway, (Sat)

A 5K Run to support Cancer Research near LA Live (Sat)

CicLaVia (Sun)

We will update with more information via E-Mail next week

Thank you,

I do have one question. I see that there are several categories where there are fewer than 5 locations in one zip code, but if we took the total number of locations in all 7 zip codes combined, it would be well over 5, which would allow you to provide the gross receipts.

In other words, rather than breaking it down for each zip code, could we just get data for all 7 zip codes combined, but still broken out by NAICS and by year?

Thank you for your time today and for your assistance. Attached and below my signature are the zip codes and NAICS Codes for which we would like to request the Gross Receipts data. As you can see, I have listed several categories for which we would like data up to the 3-digit level and then several sub-categories for which we would like data to the 6-digit level. I am fairly confident that we will not run into any issues with these 6-digit NAICS codes, but if we do, just let me know.

Again, we are looking for the total gross receipts from the most current year available and as far back as possible.

One question. There is a significant number of locations and gross receipts under the N/A category.

Can you tell me a bit more about that? What kinds of businesses are those likely to be? My suspicion is that they would likely not be retail businesses, which is our main focus at the moment.

Thanks.

I do have one question. I see that there are several categories where there are fewer than 5 locations in one zip code, but if we took the total number of locations in all 7 zip codes combined, it would be well over 5, which would allow you to provide the gross receipts.

In other words, rather than breaking it down for each zip code, could we just get data for all 7 zip codes combined, but still broken out by NAICS and by year?

Carl,

Thank you for your time today and for your assistance. Attached and below my signature are the zip codes and NAICS Codes for which we would like to request the Gross Receipts data. As you can see, I have listed several categories for which we would like data up to the 3-digit level and then several sub-categories for which we would like data to the 6-digit level. I am fairly confident that we will not run into any issues with these 6-digit NAICS codes, but if we do, just let me know.

Again, we are looking for the total gross receipts from the most current year available and as far back as possible.

Please let me know when you expect to be able to deliver this data and please also feel free to call or email if you have any questions.

We don't have a full accounting for the NAICS classifications for all businesses. If we do not have a record of the NAICS it is classified as N/A. Businesses classified as such will have a variety of possible NAICS activities.

Sara,

As part of a TFAR public benefits plan for the Metropolis project, the DCBID is managing development of a design for "Avenue of Angels". The goal of this project is to transform Francisco Street between 8<sup>th</sup> St. and L.A. Live into a vibrant pedestrian thoroughfare through a realignment of the street and installation of public streetscape improvements. We are at a stage where the design team would like to present our concept to the Councilmember and I would greatly appreciate your assistance in getting this on his schedule. Can you please give me a call when you get a chance so we can discuss further?

Thanks so much!

John,

I wanted to reach out and make sure you and your team heard about our annual BBQ event happening next Thursday. As always, safety personnel in uniform will be served a complimentary BBQ lunch from the DCBID. I do hope to see you again this year. I've put the flyer below if you wanted to forward to your team.

Hi all,

I am contacting you to provide details for next Thursday's DCP Planning Day - Complete Streets Tour. I have attached itinerary for the day that lists the approximate time and location we will be meeting with respective tour hosts, with each host highlighted. These will be pretty brief stops, between 10 to 15 minutes tops. DCP staff will be eager to hear your perspective on what the respective Complete Street components (parklets, corrals, streetscape changes) mean to you and your organizations/customers. Your candid observations and ideas will be appreciated on how DTLA residents, employees and visitors adapt these new approaches to the LA context.

There is currently estimated to be 17 of us, and we will be traveling by bicycle in keeping with the theme, and to cover more ground.

My cell phone number is [\(310\) 709-3641](tel:3107093641). Feel free to provide your mobile contact in case we need to communicate any schedule adjustments the day of the tour (though not anticipated).

Many thanks for your participation, it always makes Planning Day a unique experience. DCP staff also really appreciate meeting the people we serve as we try to shape our city for the better.

Hi Edward,

I am leading an organized a tour for this year's Planning Day, which is an annual City of Los Angeles Department of City Planning (DCP) event to showcase to DCP staff different planning-related themes throughout the city. This year we are focused on DTLA, and the DCP organizers wanted a 'complete streets' themed tour that will show planners the transformation of public space in DTLA in a 'complete streets' image.

I would like to know if you can be available on the morning of October 15th (sometime from 10 AM to noon) to meet with our group to discuss the background of the Creamery Bicycle Corral, and how it aptly ties into the theme of your business.

Your participation would be highly valued. Thanks in advance,

Dalia --

Mother Nature has another scorcher on tap for us this weekend, with many areas in Los Angeles expected to hit triple digit temperatures. Due to this excessive heat warning, I want to share with you some options for staying cool.

The newly renovated pool at the Hollywood Recreation Center is open on weekends through the month of October. I partnered with the Department of Recreation and Parks to extend pool hours, weekends from 1-5 p.m., through October 25. The pool season was originally scheduled to close for the year after Labor Day.

This extension is important to me. I want my constituents to enjoy the waning summer months in this beautifully renovated City-owned facility, and I am thrilled to work with the Department to provide greater accessibility to parks and recreation facilities.

Angelenos can also take precautions and beat the heat by utilizing one of the many cooling centers throughout the City. These cooling facilities include Senior Citizen Centers, Recreation and Parks facilities, and Libraries.

Information regarding City facilities is available:

- By calling 3-1-1
- Recreation and Parks and Senior Centers: (213) 202-2700 or visit [LA Parks](#) on the web.
- Libraries: (213) 228-7000 or visit [Los Angeles Public Libraries](#) on the web.

Hours vary, so please check with the location for its current hours of operation.

Please be safe and be sure to protect your family, especially the elderly and pets, during this extreme weather event.

Best regards,

Mitch O'Farrell

## O'FARRELL URGES NIGHTCLUB OPERATORS TO IMPROVE SAFETY MEASURES

HOLLYWOOD - Los Angeles City Councilmember Mitch O'Farrell, joined by representatives from the Los Angeles Police Department (LAPD) and the Department of Building and Safety (LADBS), issued a warning this week regarding recent permit violations at some Hollywood nightclub venues, and demanded that all nightlife establishments manage their own safety and security as they gear up for Halloween weekend events. O'Farrell made the announcement Thursday during a news conference along the iconic Walk of Fame on Hollywood Boulevard, where many people will partake in bar hopping on Halloween night.

"The long list of permit violations at a handful of Hollywood nightclubs is unacceptable," said Councilmember O'Farrell. "These violations adversely affect the health, safety, and well-being of those who live and work in the area, and endanger the lives of their own patrons. Today this community is taking a stand."

**CITY SEEKS PUBLIC COMMENT ON HOLLYWOOD WESTERN STREETScape**

The City is planning some major improvements to an iconic corridor in the great 13th District, and Councilmember O'Farrell encourages your input regarding this project. O'Farrell is partnering with the Bureau of Engineering and the Department of Transportation to design and construct the Hollywood Western Streetscape Project, and the Selma Ave Safe Routes to School Project.

The Hollywood Western Streetscape is just one of five exciting streetscape improvement projects --either recently completed or in the works-- including the Hollywood Transit Crossroads Streetscape, Sunset Boulevard in Echo Park, Sunset Junction in Silver Lake, and Fletcher Drive in Glassell Park. These pedestrian improvements reflect my priority of making the 13th District more walkable and safer for Angelenos.

For more information, or to submit your support for the project, please contact CD13 Field Deputies Dan Halden ([daniel.halden@lacity.org](mailto:daniel.halden@lacity.org)) or Aram Taslagyan ([aram.taslagyan@lacity.org](mailto:aram.taslagyan@lacity.org)).

#### **TIGER MOSQUITOES CONFIRMED IN SILVER LAKE**

LOS ANGELES - The Greater Los Angeles County Vector Control issued an alert following confirmation that the existence of Asian tiger mosquitoes (*Aedes albopictus*) were found in a neighborhood in Silver Lake. As a result, the agency helped the resident and is in the process of inspecting homes in the area.

The tiger mosquitoes have the potential to transmit exotic diseases like dengue and chikungunya. They are also considered major nuisances as they readily bite during the day and can affect many daytime activities. Please read the following and spread the word with your networks.

Hi all,

I am contacting you to provide details for next Thursday's DCP Planning Day - Complete Streets Tour. I have attached itinerary for the day that lists the approximate time and location we will be meeting with respective tour hosts, with each host highlighted. These will be pretty brief stops, between 10 to 15 minutes tops. DCP

staff will be eager to hear your perspective on what the respective Complete Street components (parklets, corrals, streetscape changes) mean to you and your organizations/customers. Your candid observations and ideas will be appreciated on how DTLA residents, employees and visitors adapt these new approaches to the LA context.

There is currently estimated to be 17 of us, and we will be traveling by bicycle in keeping with the theme, and to cover more ground.

My cell phone number is [\(310\) 709-3641](tel:3107093641). Feel free to provide your mobile contact in case we need to communicate any schedule adjustments the day of the tour (though not anticipated).

Many thanks for your participation, it always makes Planning Day a unique experience. DCP staff also really appreciate meeting the people we serve as we try to shape our city for the better.

Hi Edward,

I am leading an organized a tour for this year's Planning Day, which is an annual City of Los Angeles Department of City Planning (DCP) event to showcase to DCP staff different planning-related themes throughout the city. This year we are focused on DTLA, and the DCP organizers wanted a 'complete streets' themed tour that will show planners the transformation of public space in DTLA in a 'complete streets' image.

I would like to know if you can be available on the morning of October 15th (sometime from 10 AM to noon) to meet with our group to discuss the background of the Creamery Bicycle Corral, and how it aptly ties into the theme of your business.

Your participation would be highly valued. Thanks in advance,

Hi All,

I wanted to let everyone know about the 6th Street Bridge Farewell Festival on October 24 that CD 14 is hosting. Our office started planning this event a few weeks ago otherwise I would have made sure it was presented at last month's Street Closure meeting.

Councilmember José Huizar will host a free Sixth Street Bridge Farewell Festival and Concert for the iconic Sixth Street Bridge on Saturday Oct. 24th, featuring performances by:

War | Aloe Blacc | Graciela Beltran | Angela & Leonardo Aguilar | Bullet & Snowfox | Buyepongo | The Cold & Lovely | DJ Crew Subsuelo.

This family friendly event will kick off at 2 p.m. and include children's games and activities, food trucks, community booths, live mural paintings by local artists, as well as 6th Street Bridge Art exhibits from Art Share L.A. The evening will end with a fireworks show overlooking the Sixth Street Bridge.

#### Proposed Street Closures

Full closure on October 23 at 5PM to October 25 at 2AM  
6th St from Mateo St to Los Angeles River/Whittier Blvd

Full closure from October 24 at 5AM to October 25 at 2AM  
Mesquit St from 6th St to Jesse St

Full closure from October 24th at 5AM to October 25 at 2AM  
Santa Fe Av from 6th St to Willow St

If you have any questions and/or are opposed to the event please feel free to e-mail or call me.

Many thanks,

Dalia --

I want to share with you my guest commentary that was recently published in the Los Angeles Daily News. See: [LA must face harder questions about homelessness](#).

Everyday across the city, we see more homeless people seeking shelter under freeway overpasses, on parkways and sidewalks, in or next to the Los Angeles River, and anywhere there's a vacant, neglected piece of property that can offer some level of privacy.

As we get serious about identifying and allocating considerable resources to address the crisis, we must admit one overriding factor that few want to discuss: the reality that many, if not a majority of the homeless individuals need comprehensive drug and alcohol addiction treatment, and a huge percentage need mental health assistance.

We must strike a compassionate balance, provide permanent supportive housing and services, and maintain public health and safety on our streets and sidewalks. This can be done. This must be done.

I welcome your suggestions on how to help solve this crisis. Please feel free to either respond to this email, [or join the conversation on Facebook](#).

We must find a way to help those who want and need the help, while striving to maintain quality of life for every Angeleno.

Best regards,

Mitch O'Farrell

## **LOS ANGELES CITY COUNCIL APPROVES BACKYARD BEEKEEPING**

CITY HALL - The Los Angeles City Council unanimously voted this week to legalize urban beekeeping. The ordinance, when signed by the Mayor, will limit beekeeping to backyards of single family homes, as well as establish buffer zones. "The Council action shows our resolve that we are moving forward in a way that encourages Angelenos to return to a more natural way of harvesting our food and eating healthy," said Councilmember O'Farrell on his Facebook. "I want to thank my colleagues Jose Huizar, Paul Koretz, and former City Councilmember Bill Rosendahl for their work on making this happen."

The Councilmember also said that his allergies have improved since eating locally-harvested honey from the Glassell Park community where he lives.

Los Angeles will join cities including New York and San Francisco in allowing beekeeping.

**\*\*ALERT\*\* TIGER MOSQUITOES CONFIRMED IN SILVER LAKE**

LOS ANGELES - The Greater Los Angeles County Vector Control issued an alert following confirmation that the existence of Asian tiger mosquitoes (*Aedes albopictus*) were found in a neighborhood in Silver Lake. As a result, the agency helped the resident and is in the process of inspecting homes in the area.

The tiger mosquitoes have the potential to transmit diseases like dengue and chikungunya. They are also considered major nuisances as they readily bite during the day and can affect many daytime activities. Please read the following and spread the word with your networks.

**DOZENS OF VOLUNTEERS BEAUTIFY SELMA ELEMENTARY CAMPUS**

HOLLYWOOD - Councilmember O'Farrell commended two organizations that lent their time and talent to help a local elementary school make improvements around the campus. *Avison Young* and *Enrich LA* planted California-friendly shrubs and built redwood picnic benches for the students. This is Avison Young's annual volunteer event, and the Council office assisted with connecting the group and its resources with the school. The Councilmember presented certificates of appreciation to both groups for their work.

**O'FARRELL JOINS GRAND OPENING OF ST BARNABAS CENTER FOR SENIORS**

EAST HOLLYWOOD - Councilmember Mitch O'Farrell celebrated the grand opening of St Barnabas Hollywood Senior Center. The facility provides a wide range of valuable services such as transportation, legal assistance, and counseling. The Council office assisted St Barnabas with identifying this new location in the 13th District. St Barnabas will also provide similar services at a new senior center scheduled to open in Echo Park early next year.

## **HOLLYWOOD POOL OPEN THROUGH OCTOBER**

HOLLYWOOD -- The newly renovated pool at the Hollywood Recreation Center is open on weekends through the month of October. Los Angeles City Councilmember Mitch O'Farrell made the announcement in September, and partnered with the Department of Recreation and Parks to extend pool hours, on Saturdays and Sundays from 1-5 p.m., through October 25. The pool season was originally scheduled to close for the year after Labor Day.

"This extension is important to me," said O'Farrell. "I want my constituents to enjoy the waning summer months in this beautifully renovated City-owned facility, and I am thrilled to work with the Department to provide greater accessibility to parks and recreation facilities."

Subject: LA City Planning BID Case report

Attached is the Planning Department's bi-weekly Early Notification Report for Business Improvement Districts (BID's). The purpose of this report is to provide BID's with the earliest possible information about all applications for planning entitlements that have been filed in your BID area, even though not all applications are complete and some cases may eventually be withdrawn. Included in the report is contact information about the applicant so your BID can obtain more information about the project very early in the process. A separate report is shown for each BID. You will see that the report is provided in PDF and Excel formats.

The information in the report is sorted by BID. If there are any questions, please contact Iris Fagar-Awakuni at (213) 978-1249 or [Iris.Fagar-Awakuni@lacity.org](mailto:Iris.Fagar-Awakuni@lacity.org).

Hi Suzanne,

Thank you for speaking with me about the Metro Bikeshare outreach with the Downtown Center BID.

As we discussed, over the next two months Metro and the City of Los Angeles will be soliciting feedback on Bikeshare station locations in DTLA via briefings and a crowdsourcing website.

The Metro Bikeshare team would love to provide a brief presentation on the station siting process at an upcoming Downtown Center BID Marketing Roundtable and/or Board meeting in November or December. If you could please let me know the details of when and where we may be agendaized for a presentation that would be fantastic.

We would also appreciate it if you could send an eblast to the Downtown Center BID stakeholders and property owners with a link to the Bikeshare crowdsourcing website. I will follow-up soon with suggested language for an eblast and a link to the site.

We welcome feedback from stakeholders throughout DTLA on the bikeshare stations that are being planned. All of this input will help prepare us for the launch of the Metro Bikeshare pilot program in DTLA in Summer 2016!

We really appreciate all of your assistance and support. Please do not hesitate to call me with any questions/feedback.

Thanks, again!

Hi all,

Not sure if you are aware but the Councilmember is looking to launch Homeless Donation Meters in Downtown soon and we need your help figuring out locations. This is internal for now until we get more details finalized and can announce something to the media. I was hoping we could set up a meeting to brainstorm some ideas for possible locations in Downtown within all of your areas.

Here are the types of locations we are looking for:

1. High pedestrian foot traffic
2. has to be on private property so a plaza would be great, a business with a setback, etc. (the meters are the size of a parking meter so they don't take up much space)(
3. An area where a potential sponsor would think it beneficial to have their name on the meter

For now, take some time and think of some ideas and let me know if you can make a meeting. Here are some suggested times:

Monday the 26th between 12:30 and 5

Thursday the 29th 9am -1pm

Friday the 30th 3pm-5pm.

Thanks

**Subject:** Street Closures this week and weekend Oct-22 to 25

**Attachments:** March Route Map.pdf; Homeboy 5K route.pdf; Rock and Roll Route.pdf

Good Afternoon,

There are several street closures coming up in the next few days that will impact traffic in the downtown area. The first starts tomorrow and they are as follows:

**Thursday Oct 22nd "March and Rally to stop police brutality"**

The group has obtained a Police Commission First Amendment Permit that allows for the closing of several streets in the downtown area.

The group has scheduled an assembly in front of our Police Headquarters at 1:30 PM. They plan to march at 3:30 along a route that will go south on Spring to 5th Street, then east and wind around the Skid Row area. They will end the march with a rally and speeches at 6th and San Pedro at 5:30. The permit expires at 6 PM, and the group is scheduled to disband from 6th and San Pedro. (see first attachment for Map)

**Saturday Oct 24 "Homeboy Industries 5K Race"**

Homeboy Industries has obtained a permit for an approx 3 Mile run. The run will start and finish at their building on Spring and Alpine. It will run around the area of the State Historic Park, along Broadway, adjacent to Chinatown, then back south on Spring Street. The street closures begin at approx 6:30 AM and the streets will re-open by 9:30 AM. (See Attached Map)

**Saturday Oct 24 "The Panamanian Independence Parade"**

Also on a First Amendment Permit, this parade will begin assembly on Broadway between Olympic and 9th at 9:30 AM. The parade will

begin at 10 AM and travel north on Broadway to 5th, then west to Hill Street and enter Pershing Square at 5th and Hill Street. The permit expires at 1 PM, however the parade will likely end by 12:30.

**Saturday Oct 24 "6th Street Bridge Concert/Festival"**

This is a permitted and city sponsored event to be held on the bridge, Saturday afternoon and evening, (2 PM to 10 PM). It will include Live music and DJs, as well as food trucks. The bridge will be closed for load in and load-out from Friday night at midnight until Sunday morning at 4 AM.

**Sunday Oct 25 "Rock and Roll 1/2 Marathon"**

This is an approx 13 mile race through downtown, beginning at 7 AM adjacent to the Staples Center, running down Figueroa near the Sports Arena, back to downtown, and across to the 4th Street bridge, then finishing near the Staples Center. This will be a similar route as the last few years, and has been approved by DOT. As stated, the race begins at 7 AM, and DOT will re-open streets as the final runners pass. Most streets are scheduled to be re-opened by noon. All streets will be opened by 4 PM (See Attached map).

Please pass this information on to anyone who may be effected by these closures.

Hi Everyone,

At the DCBID we've been working with Carmen Zella at [The Do Art Foundation](#). It seems like they have an artist for literally anything. Working with them would prevent us from needing to do artist outreach and recruitment because they could source several artists easily. I could see if they're interested or make the introduction. Just an idea.

Best,  
Julia

Hi All, Maybe as an option for the vacant stores or stores under construction, we do historic displays that can be applied to the inside of the glass. They would be good for the event and could be left up until the space is occupied.

San Pedro has a walking tour of window displays, some are 3 dimensional and some are photos on the glass. I'm getting a quote from a window wrapping company downtown.

If we can't get inside with live or 3D displays, this could be a good backup. Photos could be from LAPL, LA Historic Theatre Foundation or LA Conservancy archives.

Hi all,

I surveyed Broadway and reached out to property owners/managers last year. I've attached the excel doc with all the contact information in case we find ourselves looking at the same spots. Things to note:

- We were denied access to buildings that were under construction or had spaces under renovation. Some spaces looked vacant but they were actually leased on in the process of being leased.
- There were questions about liability, specifically who would assume liability for whatever artwork was installed in the space and any damages to the property.
- Many of the buildings who were ok with allowing us access did not want people in their buildings even if it was performance art.
- Not all spaces had electricity/would grant us access to it.

I got contact information by contacting fellow BIDs and calling the numbers on the leasing signs. It would be really helpful to know what we want to put in their properties before calling them.

Ok great. Email it is!

Action items for this group include:

- review survey from last year and lessons learned

- conduct 2016 field walk and survey & identify opportunities
- conduct building owner outreach
- determine feasibility/constraints of each potential opportunity (i.e. scope of use, electricity, etc)
- conduct outreach to artists for art component, recruit artists for each opportunity

I've also attached last year's one-sheet that we used for outreach to businesses on Broadway specifically. This will be a tool for this year's window display efforts. I'm asking the marketing subcommittee to revise a draft for this year and will provide to this team once we have it finished.

Joella - can you please provide the survey from last year and share with us your lessons learned.

Ariana - you had a hand in last year's survey, correct? can you provide any input also?

Thanks,  
J2

Hello NOB Team Window Displays,

Thanks for your time at last night's NOB committee meeting and for your interest in getting window displays for NOB 2016 off the ground. Our goal is to activate as many underutilized/vacant windows and storefronts as possible on Broadway with art components during NOB.

Ariana/Noah/Julia - I've included you three since I believe it will be critical to have BID support to conduct the outreach necessary to accomplish our goal and we value your input.

Let's determine an action plan. Items we need to cover include: field walk, survey & opportunity identification, feasibility/opportunity constraints, building owner outreach, and artists/art component.

Polling the team here - do you prefer to set up a call to discuss the action plan or should we work on it via email? I want to be respectful of everyone's time. Please let me know your initial thoughts and we can determine the next step.

Best,  
J2

Sara,

As part of a TFAR public benefits plan for the Metropolis project, the DCBID is managing development of a design for "Avenue of Angels". The goal of this project is to transform Francisco Street between 8<sup>th</sup> St. and L.A. Live into a vibrant pedestrian thoroughfare through a realignment of the street and installation of public streetscape improvements. We are at a stage where the design team would like to present our concept to the Councilmember and I would greatly appreciate your assistance in getting this on his schedule. Can you please give me a call when you get a chance so we can discuss further?

Dalia --

I have an exciting Councilmember in Your Corner planned for this weekend in Hollywood!

This monthly event is a chance to hear directly from my constituents, as well as canvass neighborhoods to distribute important contact information for city services.

The walk will take place **Saturday, October 24, 9:30 a.m., at Javista Organic Coffee Bar, 6707 Sunset Blvd, Los Angeles, CA 90028**. I would love to see you there!

This month, volunteers from Aztecs Rising, Hollywood High School, and the Institute of Popular Education of Southern California will participate in a community cleanup and help us with door-to-door outreach.

In addition, I will make an announcement about four recently completed neighborhood improvement projects:

- A newly installed traffic signal at Las Palmas Avenue and Sunset Boulevard (Department of Transportation)
- Two new trash receptacles on Sunset Blvd at Cherokee Ave (Bureau of Sanitation)
- Two new street lamps on Leland Way to improve safety in the area (Department of Water and Power)
- Funding for tree trimming along DeLongpre Ave and Leland Way

Two years ago, I started this event to interact directly with constituents and bring government to your doorstep. I encourage everyone to get involved in your neighborhood and take pride in where you live. I also want to extend my sincere appreciation for everyone who has joined me during the previous walks. They are and continue to be a huge success and because of your participation, we have connected with thousands of people across the great Council District 13!

I look forward to seeing you at my next Councilmember in Your Corner event in Hollywood. If you would like to join us, [please RSVP here](#).

See you then,

Mitch O'Farrell

Dear MyFigueroa Marketing Advisors,

Due to delays in the construction start date of the MyFigueroa project, we have decided to postpone our final MyFigueroa Communication Advisor meeting that was scheduled for November 5th to early next year. Our team has been hard at work getting the pieces of the campaign into place, and we look forward to regrouping with you in early 2016 for our campaign launch.

In the meantime, here's an update on our work:

- We have updated the MyFigueroa website ([myfigueroa.com](http://myfigueroa.com)) and will be adding an updated rendering to the site in the next month.
- We have developed a printed postcard and poster to distribute, to announce the construction, encourage riding transit or biking, and to drive people to the website. Those can be downloaded [here](#), and we also have printed copies we can provide.
- We will have street pole banners going up along targeted segments of Figueroa in early 2016.
- We launched the safety component of our campaign, [Bike Safe USC](#), at the Oct. 18 CicLAvia, with a feeder ride from USC to the CicLAvia route (photos [here](#))

We look forward to continued collaboration to help leverage the communication effort for MyFigueroa for maximum effect. Expect looking for a doodle poll early next year when we are closer to project construction.

Attached is a **draft proposed** agenda. As I noted, we can work around the Mayor's schedule to some extent – meaning probably anytime from 9am-12noon.

You'll note we are also planning a luncheon with restaurateurs panel and a cocktail reception at LA Live to cap things off, so if it was not possible to get him for the morning – which would be our very strong preference - we could possibly do something with him at one of those.

Let me know if you need any more info.

Thanks.

Bisnow and the Downtown Center Business Improvement District, in partnership with The Ratkovich Company, Brookfield Properties and AEG, is hosting a Retail Symposium on November 5<sup>th</sup> at The Bloc focusing on the renaissance of retail in downtown LA - with a focus on both the big projects (7<sup>th</sup> & Fig, LA Live, The Bloc and the opening of Whole Foods) and the reintroduction of entrepreneurial retailers. At the event the DCBID will also release a major new research report on the remarkable resurgence and exciting future of retail in DTLA.

The target audience for the event and report is senior executives at the top 100 national retailers. We would like to extend an invitation to the Mayor to participate in a keynote conversation with Terry Lundgren, CEO of Macy's, and one of the industry's most influential executives, on the following topics:

- Retail as a key element of urban revitalization, jobs, training and opportunity for advancement in urban communities;
- How the renovation of Macy's at The Bloc to a flagship store marks a new plateau for Downtown's Renaissance; and,
- The role city government can play in supporting retail growth in urban centers.

With this event we are positioning DTLA at the forefront of retail industry trends and presenting the City of Los Angeles as an active and catalytic supporter of urban retail as an economic engine for growth and advancement. A prominent theme of both the Symposium and the Report is the role the city plays through its transit investments, streetscape improvements and economic development policies.

Would you be our champion in working with the Mayor to make his attendance as our keynote speaker a priority? We will need to finalize his availability in the next week.

Thank you, Billy!

There is a long story to this event, we will discuss in detail tomorrow. Rock and Roll Marathon will not be granted a permit for a race in CD 14 moving forward.

May we please discuss the road closure procedure in Downtown Road Closure Committee tomorrow?

The Rock N Roll Marathon was a disaster for Downtown (and you know I'm not an alarmist.) I was heartbroken for our businesses when I walked through the neighborhoods and we had a fraction of the foot and car traffic we usually do on Sunday. Even in the Fashion District the streets were pretty desolate. The farmers' market was dead all day. To add insult to injury, at 10:00am I saw only a handful of runners on the shut down 1st Street.

Saturday was a perfect example of thoughtful programming -- many neighborhoods were busier than most Saturdays all year. More of this, please!

It was my understanding this committee was designed to create a thoughtful procedure for all of those living and working in Downtown. If we ask for organizations to consider a protocol that does just that, and they ignore it and are still granted permission--the committee fails its intended purpose. Please help me explain to the many folks really upset at the long delays to get into and out of Downtown, and businesses who were frustrated having been cut off from their customers.

Sincerely,

**BLAIR BESTEN**

Can you help us figure out whom to call to get it addressed?

Hi Lindsey,

This sounds like a great event! Nationbuilder is an asset to the community and this is a great opportunity to bring the DTLA community together in your gorgeous space for a celebration of everything that Downtown represents.

It sounds like you have a lot of hospitality stakeholders and some larger city-wide groups on board but wanted to make sure you were introduced to the community groups and individual stakeholders that make DTLA so awesome. This is an excellent opportunity for Nationbuilder to introduce themselves to those that are really working to make this community great. This email serves as an introduction to all these fabulous people.

First and foremost, you definitely should connect with the Neighborhood Councils. Patti Berman is President of the Downtown LA NC with a number of people on this email chain who are board members. DLANC is the neighborhood council for the majority of Downtown, with the exception of Little Tokyo, Chinatown and the Arts District, which are under the Historic Cultural Neighborhood Council, Alan Kumamoto is the President of HCNC. LARABA, is a community group that represents residents and interests in the Arts District, their president is Chris Fudurich. The Little Tokyo Community Council is the go-to group for Little Tokyo. Their president is Chris Komai

Secondly, our Business Improvement Districts are what keep DTLA going. Connecting with them is a must. (Blair Besten: Historic Core, Jessica Lall: South Park, Nick Griffin: Downtown Center, Kent Smith: Fashion District, Miguel Vargas: Arts District)

As you know, art is what makes DTLA so special. Qathryn Brem, DTLA resident and Executive Director of Art Walk is a great connection. Ari Simon, another DTLA resident, has created an awesome publication of arts and culture resources called Downtown Get Down, definitely reach out to him.

Media is always important. Dawn Eastin, a long time DTLA booster is on the Pershing Square Park Advisory Board and the General Manager of the Downtown News. Brigham Yen, a DTLA resident has a prolific blog that is a go-to for the inside on new DTLA development. Gerren Kelsaw, a Bunker Hill resident, has a fabulous DTLA podcast called This is the City

You also should reach out to some key residents of Downtown that are just flat out awesome in the work they do to promote our urban core. Rick Rodriguez, a boardmember of PS Renew, and Betsy Starman, a huge advocate on DTLA homelessness issues, are your neighbors across from Pershing Square. Simon Ha, DLANC boardmember, founding parent of Metro Charter, Dawn Davis, a strong advocate on homelessness live in South Park. Catherine Tang, an urban designer with AECOM and Ariana Nussdorf, a professor at FIDM live in the Fashion District. Frank Lopez, works for your neighbor SoCal Gas, Josh Gray-Emmer, who you probably know, Tom Gilmore, the mastermind behind the Old Bank District, all live in the Historic Core. Josh Albrectson, famous owner of Spartacus the dog, lives in the Financial District. With the Hal Bastian, long-time DTLA booster and resident and Stacie Chaiken, leading the charge on our Spring Street Community Garden, reside closer towards the Civic Center.

DTLA residents also are part of some great businesses and companies that contribute a lot to DTLA. Kuo Yang is the owner of Brigade Clothing Boutique on 7th St (love the DVF selection) and John Emshwiller works at Gensler who has been a huge partner with the DTLA community.

On top of this, our office can help connect you with orgs like Bringing Back Broadway, Streetcar Inc, DTLA Forward, and various initiatives around homelessness.

Hopefully this helps, but I strongly encourage that any legit DTLA event include all of these folks. They're awesome.

Sara

Hi Sara,

Thanks so much for your help spreading the word about the event. Some info is below - feel free to adjust as needed. Please extend our invite to Councilmember Huizar, we would love if he could join us and address the guests.

I'd love to get a few more community groups who can put together interesting and interactive displays to show off their work at the event. Please connect me with anyone who would be a good fit.

On November 19th NationBuilder is hosting 350+ DTLA-based leaders in business, tech, real estate, gov and nonprofit sectors at our offices overlooking Pershing Square to celebrate the past, present and future of DTLA. We are partnering with restaurants like Border Grill, Cafe Gratitude, Public School and organizations like LA City, LA River Corp, General Assembly and Pershing Square Renew for a fun, open-house style event. Various organizations and projects that are shaping the future of DTLA will be present and will have displays throughout the space showing off their visions of the future. We'll have a pop-up art gallery featuring local artists, great food, drinks and entertainment.

The preliminary poster and logo art are attached - please don't send those out just yet. Once I have the final version of the invite, I'll pass it along to you to send out to your networks.

Thanks again, have a great night!

Hi Sara,

Thanks so much for your help spreading the word about the event. Some info is below - feel free to adjust as needed. Please extend our invite to Councilmember Huizar, we would love if he could join us and address the guests.

I'd love to get a few more community groups who can put together interesting and interactive displays to show off their work at the event. Please connect me with anyone who would be a good fit.

On November 19th NationBuilder is hosting 350+ DTLA-based leaders in business, tech, real estate, gov and nonprofit sectors at our offices overlooking Pershing Square to celebrate the past, present and future of DTLA. We are partnering with restaurants like Border Grill, Cafe Gratitude, Public School and organizations like LA City, LA River Corp, General Assembly and Pershing Square Renew for a fun, open-house style event. Various organizations and projects that are shaping the future of DTLA will be present and will have displays throughout the space showing off their visions of the future. We'll have a pop-up art gallery featuring local artists, great food, drinks and entertainment.

The preliminary poster and logo art are attached - please don't send those out just yet. Once I have the final version of the invite, I'll pass it along to you to send out to your networks.

Thanks again, have a great night!

Hi Lindsey,

This sounds like a great event! Nationbuilder is an asset to the community and this is a great opportunity to bring the DTLA community together in your gorgeous space for a celebration of everything that Downtown represents.

It sounds like you have a lot of hospitality stakeholders and some larger city-wide groups on board but wanted to make sure you were introduced to the community groups and individual stakeholders that make DTLA so awesome. This is an excellent opportunity for Nationbuilder to introduce themselves to those that are really working to make this community great. This email serves as an introduction to all these fabulous people.

First and foremost, you definitely should connect with the Neighborhood Councils. Patti Berman is President of the Downtown LA NC with a number of people on this email chain who are board members. DLANC is the neighborhood council for the majority of Downtown, with the exception of Little Tokyo, Chinatown and the Arts District, which are under the Historic Cultural Neighborhood Council, Alan Kumamoto is the President of HCNC. LARABA, is a community group that represents residents and interests in the Arts District, their president is Chris Fudurich. The Little Tokyo Community Council is the go-to group for Little Tokyo. Their president is Chris Komai

Secondly, our Business Improvement Districts are what keep DTLA going. Connecting with them is a must. (Blair Besten: Historic Core, Jessica Lall: South Park, Nick Griffin: Downtown Center, Kent Smith: Fashion District, Miguel Vargas: Arts District)

As you know, art is what makes DTLA so special. Qathryn Brem, DTLA resident and Executive Director of Art Walk is a great connection. Ari Simon, another DTLA resident, has created an awesome publication of arts and culture resources called Downtown Get Down, definitely reach out to him.

Media is always important. Dawn Eastin, a long time DTLA booster is on the Pershing Square Park Advisory Board and the General Manager of the Downtown News. Brigham Yen, a DTLA resident has a prolific blog that is a go-to for the inside on new DTLA development. Gerren Kelsaw, a Bunker Hill resident, has a fabulous DTLA podcast called This is the City

You also should reach out to some key residents of Downtown that are just flat out awesome in the work they do to promote our urban core. Rick Rodriguez, a boardmember of PS Renew, and Betsy Starman, a huge advocate on DTLA homelessness

issues, are your neighbors across from Pershing Square. Simon Ha, DLANC boardmember, founding parent of Metro Charter, Dawn Davis, a strong advocate on homelessness live in South Park. Catherine Tang, an urban designer with AECOM and Ariana Nussdorf, a professor at FIDM live in the Fashion District. Frank Lopez, works for your neighbor SoCal Gas, Josh Gray-Emmer, who you probably know, Tom Gilmore, the mastermind behind the Old Bank District, all live in the Historic Core. Josh Albrektson, famous owner of Spartacus the dog, lives in the Financial District. With the Hal Bastian, long-time DTLA booster and resident and Stacie Chaiken, leading the charge on our Spring Street Community Garden, reside closer towards the Civic Center.

DTLA residents also are part of some great businesses and companies that contribute a lot to DTLA. Kuo Yang is the owner of Brigade Clothing Boutique on 7th St (love the DVF selection) and John Emshwiller works at Gensler who has been a huge partner with the DTLA community.

On top of this, our office can help connect you with orgs like Bringing Back Broadway, Streetcar Inc, DTLA Forward, and various initiatives around homelessness.

Hopefully this helps, but I strongly encourage that any legit DTLA event include all of these folks. They're awesome.

Sara

### **LADOT ANNOUNCES SAFETY GUIDELINES FOR TRICK-OR-TREATERS ON HALLOWEEN**

LOS ANGELES - The City of Los Angeles Department of Transportation (LADOT) wants to remind parents that Halloween is a great time to teach children about pedestrian and traffic safety. We also want to remind drivers that pedestrian safety is their responsibility too and they should drive carefully especially when children are present.

Parents and other adults can help kids by demonstrating safe pedestrian behavior this Halloween.

LADOT has issued simple guidelines to help safeguard children on Halloween night and whenever they walk in their neighborhoods at night.

1. Drivers: Watch out for our littlest Angelenos
2. Adults should accompany children and follow and teach safety guidelines
3. Carry a flashlight
4. Cross streets only at intersections and walk within crosswalks whenever possible - never cross in the middle of a block or between parked cars
5. Look both ways when crossing the street as well as driveways
6. Walk in well lit areas whenever possible
7. Wear bright costumes if possible or use reflective tape on clothes and treat bags so that drivers can see you
8. Choose costumes that are flame-retardant
9. Remove masks that limit vision before crossing streets
10. Be safe, be smart, have fun

For more information about pedestrian safety, visit LADOT's Vision Zero website at:

#### **LADOT ANNOUNCES 2015 PEOPLE ST APPLICATION WINDOW**

LOS ANGELES, CALIFORNIA (November 1, 2015) – The Los Angeles Department of Transportation (LADOT) is pleased to announce the launch of the People St 2015 Application Window. LADOT's [award-winning](#) People St Program will open its second application cycle and begin accepting proposals for Plazas, Parklets, and Bicycle Corrals from potential partners starting November 1st! Community Partners will have 45 calendar days or until December 15th to submit their applications for People St projects.

People St is a citywide program for partnering with communities to create new spaces in the form of Plazas, Parklets and Bicycle Corrals. These below-the-curb projects transform underused roadway to create vibrant spaces in our neighborhoods. As part of the People St partnership, community partners play a vital role in conducting outreach to build neighborhood support, raising funds for materials furnishings and maintenance, and providing project site management. LADOT General Manager Seleta Reynolds said "People St puts neighborhoods and businesses in the lead and allows the City to bring their ideas to life. We have seen the power of this partnership to make our streets safer, more comfortable and more beautiful."

People St is a competitive application program that provides eligible community organizations with a process to propose project locations and the information and tools to partner with the City to complete these projects. Before applicants start assembling project proposals, here are a few things to know about this year's People St application cycle:

- **Updated Application Manuals:** As the People St program continues to grow, we have streamlined the application process. Revisions and updates have been made to make applying easier for Community Partners.
- **Keep your Neighborhood Council in the loop:** Community Partners are now required to present their proposed People St project at their local Neighborhood Council's monthly meeting. Parklet and Plaza People St project applications require a copy of the Neighborhood Council meeting's agenda or official minutes must be included as proof of presentation.
- **Apply for a Bicycle Corral:** Instead of a rolling basis, [Bicycle Corrals](#) are now integrated into the annual application-based process along with Plazas and Parklets. All applications for People St projects will be accepted during the application window period.
- **A More Simple Kit of Parts for Plazas:** Information from the previous 'Kit of Parts for Plazas Technical Appendix' has now been incorporated into the 'Kit of Parts for Plazas'. Now, Community Partners can refer to the 'Kit of Parts for Plazas' exclusively for information on needed furnishings and programming to construct and activate a Plaza.

LADOT is offering a 90 minute information session November 3, 2015 at 6pm, in the City Controller's Office, Main Conference Room, 200 N. Main St, Room 351, Los Angeles 90012. Please RSVP at <http://goo.gl/forms/q8uk3FK4j8>.

Stay tuned for more community information sessions throughout November. The application window will open November 1-December 15. For program materials, application information, and meeting dates please visit <http://peoplest.lacity.org>. For further inquiries, email [peoplest@lacity.org](mailto:peoplest@lacity.org).

Hi Rick,

I am setting up the new template that you sent us and my only question (right now) is the verbiage to use as it related to Management/City Fees. On the template it asks that we give a descriptive paragraph for activity/service (high-lighted in yellow). Historically, we have only provided that type of info for Clean & Safe and Econ Dev/Marketing.

Simply stated – do you have any examples of what you are looking for as a description?

Hi Jeff,

Unless the BID is changing something in that category, I would suggest use the wording from page 14 of the DTCTR management plan to describe the activity:

**MANAGEMENT/CITY FEES  
AND DELINQUENT ASSESSMENTS**

The improvements and activities are managed by a professional staff that requires centralized management support. Management staff oversees the District's services which are delivered seven days a week. Management staff actively works on behalf of the District parcels to insure that City and County services and policies support the District. Included in this item are the cost to conduct a yearly financial review, City fees to collect and process the assessments, a reserve for uncollectible assessments and depreciation. The special benefit to parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

Hi Jeff,

Unless the BID is changing something in that category, I would suggest use the wording from page 14 of the DTCTR management plan to describe the activity:

MANAGEMENT/CITY FEES  
AND DELINQUENT ASSESSMENTS

The improvements and activities are managed by a professional staff that requires centralized management support. Management staff oversees the District's services which are delivered seven days a week. Management staff actively works on behalf of the District parcels to insure that City and County services and policies support the District. Included in this item are the cost to conduct a yearly financial review, City fees to collect and process the assessments, a reserve for uncollectible assessments and depreciation. The special benefit to parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

Hi Rick,

I am setting up the new template that you sent us and my only question (right now) is the verbiage to use as it related to Management/City Fees. On the template it asks that we give a descriptive paragraph for activity/service (high-lighted in yellow).

Historically, we have only provided that type of info for Clean & Safe and Econ Dev/Marketing.

Simply stated – do you have any examples of what you are looking for as a description?

Hi all,

Not sure if you are aware but the Councilmember is looking to launch Homeless Donation Meters in Downtown soon and we

need your help figuring out locations. This is internal for now until we get more details finalized and can announce something to the media. I was hoping we could set up a meeting to brainstorm some ideas for possible locations in Downtown within all of your areas.

Here are the types of locations we are looking for:

1. High pedestrian foot traffic
2. has to be on private property so a plaza would be great, a business with a setback, etc. (the meters are the size of a parking meter so they don't take up much space)(
3. An area where a potential sponsor would think it beneficial to have their name on the meter

For now, take some time and think of some ideas and let me know if you can make a meeting. Here are some suggested times:

Monday the 26th between 12:30 and 5

Thursday the 29th 9am -1pm

Friday the 30th 3pm-5pm.

Thanks

Diana

**Councilmember Krekorian joined by gun violence prevention advocates after the City Council passed his safe storage ordinance. | Photo: CD2**

Dear Friend:

Our country is beset by gun violence. Since 1970, there have been more Americans killed by private guns than the total number of all Americans killed since the Revolutionary War. Something has to be done, and I'm proud to say that in Los Angeles we are doing everything we can to stop this epidemic from taking more innocent lives.

Earlier this week, the City Council voted unanimously to approve my ordinance requiring all LA handgun owners and authorized users to keep their weapons locked or within their reach when at home. [Read the ordinance here](#). LA's policy goes further than California state law, which requires that locks be sold with handguns, but doesn't compel people to use them.

This law will reduce the possibility of accidental shootings, prevent access to guns for suicide and thwart thieves from stealing guns and using them on the street.

Los Angeles is now the largest city on the West Coast to pass a safe storage requirement, cementing our city as the nation's leading voice in the fight to keep children and families safe from gun violence.

You might wonder, why do we need a law like this? Isn't safely storing a gun at home just common sense?

It absolutely is. Even the [NRA urges gun owners to lock up their guns at home](#). But just urging isn't enough. Requiring safe storage is necessary when you survey the tragedies that happen in our country on nearly a daily basis.

Each year in the United States, there are thousands of unintentional deaths and injuries because of handgun accidents. If you watch the TV news or do a quick Internet search, you can find tragedy after tragedy in which people are injured or killed because of unsafely stored handguns. Approximately two million children live in homes where guns are kept unlocked and loaded, and 73 percent of those children know where the firearms are kept.

According to the Washington Post, 43 toddlers have inadvertently shot either themselves or another person this year so far. Most of these shootings happen at home. Just weeks ago in New Mexico, a three-year-old shot his pregnant mother and his father after looking for an iPad in his mother's purse and finding a loaded 9mm handgun instead. In Texas, a three-year-old killed himself with his grandfather's gun, which he found in a bedroom where he had napped. Unfathomable events like this are happening far too often across the country. I want to make sure they don't happen to anyone in Los Angeles.

How will safe storage be enforced? This law targets those who store their firearms irresponsibly. Responsible gun owners should already be locking up their guns, and I know many people do. There will not be roving police patrols to check compliance with our safe storage requirement. It will most often be used in situations where law enforcement officers enter a home for another reason - possibly on a domestic violence or child endangerment call - and see an unlocked, loaded handgun on the kitchen table or on a nightstand. When that happens, they will have another tool to hold the owner responsible and prevent a household tragedy.

This law, much like [my law outlawing the possession of large-capacity ammunition magazines](#), is a step toward curbing gun violence. I am confident that by taking this action we are saving lives and I hope you will help me spread the word to everyone you know: be safe, be smart and lock it up Los Angeles.

Visit [safefirearmsstorage.org](http://safefirearmsstorage.org) to find out more about how to store guns properly.

Very truly yours,

**Subject:** Forget the vampires, beware of tiger mosquitoes!

Dalia --

On the heels of news that two neighborhoods in the 13th Council District tested positive for Asian tiger mosquitoes, I am working with our partners on the county level to host a public meeting aimed at arming residents with information on how to protect their families and homes from the potentially harmful insects.

The community meeting will be held on **Monday, November 2, 6pm, at Friendship Auditorium, 3201 Riverside Drive, Los Angeles, 90027**. The meeting will include a presentation on the mosquitoes, any potential risk to public health, and tips on what to do around your home to protect your family.

Greater Los Angeles County Vector Control District (GLACVC) recently confirmed the existence of Asian tiger mosquitoes (*Aedes albopictus*) in the Silver Lake and Elysian Valley neighborhoods. The tiger mosquitoes have the potential to transmit exotic diseases such as dengue and chikungunya, and are considered nuisances since they readily bite during the day and can affect many activities.

Please find more information on this topic below, as well as information on a motion I introduced that will make sure the City is taking the proper steps to maintain the health and public safety of all Angelenos.

We want to keep the mosquito population under control, which will require every resident to check their property for standing water and other places the insects find attractive.

I hope to see you on Monday night. [Please RSVP here.](#)

Warm regards,

Mitch O'Farrell
